

## Welcome to our Boarding Lodge

*A special & caring place for pets  
while their people are away!*

Whether it's for one day or for several days, your pet is our special guest while staying in our Boarding Lodge.

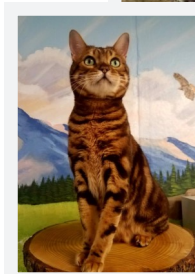

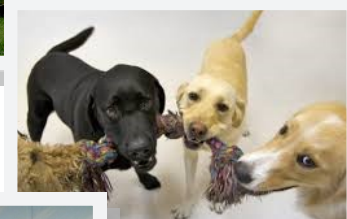

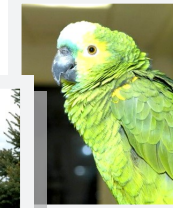

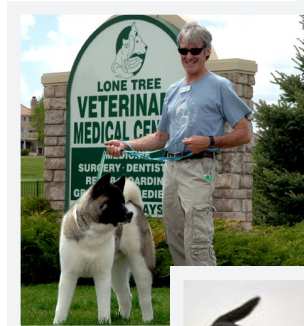

We offer separate accommodations for dogs, cats, rabbits, ferrets, birds, and pocket pets.

Our guests receive one-on-one care and attention throughout their stay, including, meal time, indoor play and, if requested, outdoor walks for dogs.

Our caring staff members take the time to know your pet and its needs, and our medical team is available to address any medical concerns or problems during our regular business hours, should they arise.

We also offer *Medical Boarding* services for pets requiring special care and observation, or the administration of medications.

For pets requiring a high degree of special care or handling, including, senior, geriatric, and physically disabled pets, we provide *Extensive Medical Boarding* care with our medical team.
